To Whom It May Concern:

I am writing in regards to the above reference matter in which an appeal letter was mailed to FCC in February 2005. It has been over six (6) months since I requested a final decision from FCC. My staff has been in touch with Romanda Williams and Erica Myers at FCC. Accordingly, Ms. Williams informed my staff on May 2, 2005 that FCC was in receipt of our appeal letter, but gave no additional information as to when FCC would be making a final decision, only that it may take several months. On July 2, 2005, 2 months latter, my staff attempted again to contact Ms. Williams to discuss when a decision could be expected. We received a return phone call from Erica Myers by message, stating that the appeal was still pending. My staff returned Ms. Myers' phone call and left a voice mail message requesting a time frame at to a decision of appeal by the FCC. Ms. Myers returned that call on July 13, 2005 only to state that there is no time limit to filed appeals.

We would greatly appreciate a response as to when FCC may be able to make a decision as this matter. If there is not an anticipated deadline or time period, then a status as to what FCC has done to this point on reviewing this appeal would be sufficient.

We look forward to receiving some type of correspondence from FCC in the near future.
